Dr Conray Moolman
MBChB(UFS), FC Urol (SA), MMed (UCT)

SPECIALIST UROLOGIST

Dr Moolman obtained his undergraduate degree (MBChB) at the University of Free State in December 2000. He gained valuable experience in general medicine working in the United Kingdom for 3 years before completing his Urology training(FCUrol) at Groote Schuur Hospital and the University of Cape Town in May 2010. He also completed his Master's degree (MMed) at UCT in 2011. This was based on research he did on the management of traumatic kidney injuries.He has three research papers published in esteemed medical journals .

Dr Moolman is a fully qualified Da Vinci robotic surgeon. He did his training in Belgium and he performs robotic nerve sparing prostatectomies for the management of Prostate cancer.

He practices general Urology and has a special interest in minimally invasive urological procedures (robotic and laparoscopic surgery) and reconstructive urological surgery. This includes urethroplasty procedures for urethral stricture disease and vasectomy reversals.

He is currently involved in outreach programs to other African countries to perform reconstructive urological surgery.

He consult at Kingsbury, Constantiaberg and Vincent Pallotti Hospitals, around Cape Town, South Africa
